

PBJ Pickup

I'm a parent setting up the PBJ Pickup App – how do I get started?

PARENT SETUP HOW TO

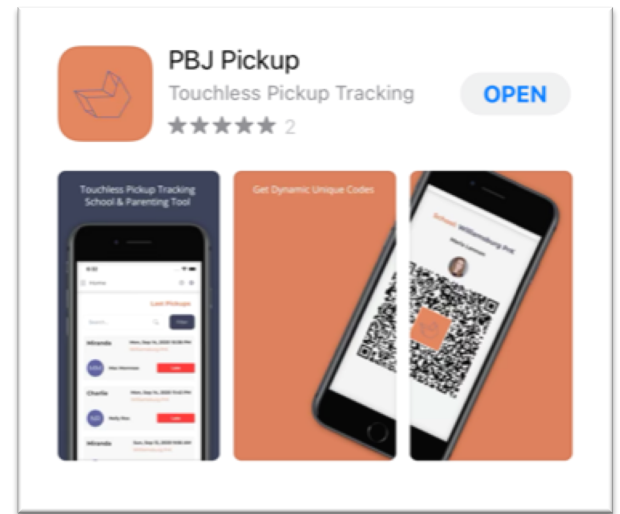

We're excited to hear you're using PBJ!
Here's a quick setup guide.

So, how do I get started?

DOWNLOAD OUR APP

Download the PBJ Pickup App. We're available for Apple and Android.

Visit the app store on your device and download the PBJ Pickup App. Follow the link below to create your password and login with your email.
<https://pbjpickup.app/parent-redirect/ui3orMq1UaMyhxZHgnWoVJpl2Tp1/UgDgqb9wpZ6rwztGsJ2E> That's it! From there you will be able to enter the information for all individuals who are authorized to pickup your child/ children. Here's a quick [How To Video](#) you can watch, if you are interested.

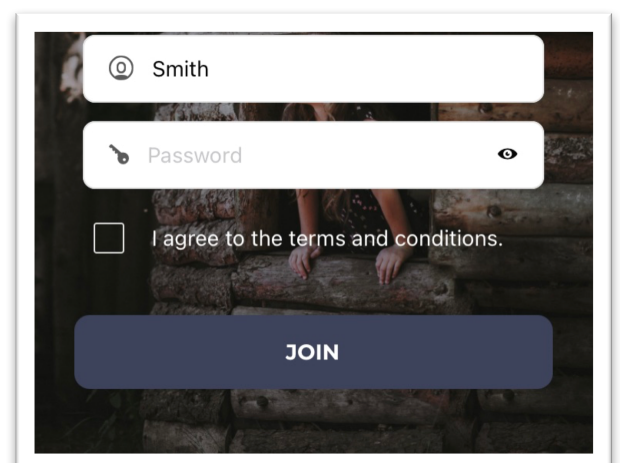

CHECK YOUR EMAIL

You'll receive an email from support@pbjpickup.com with a link to setup your account. Make sure you've downloaded the app first.

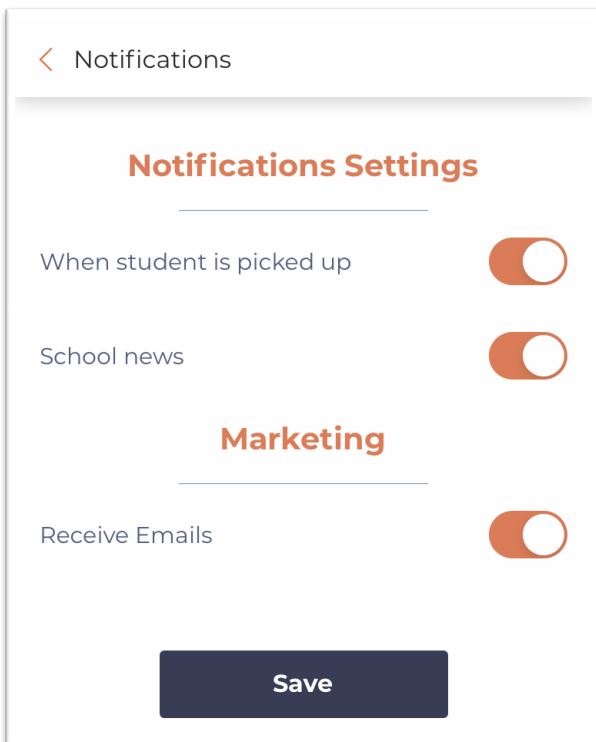

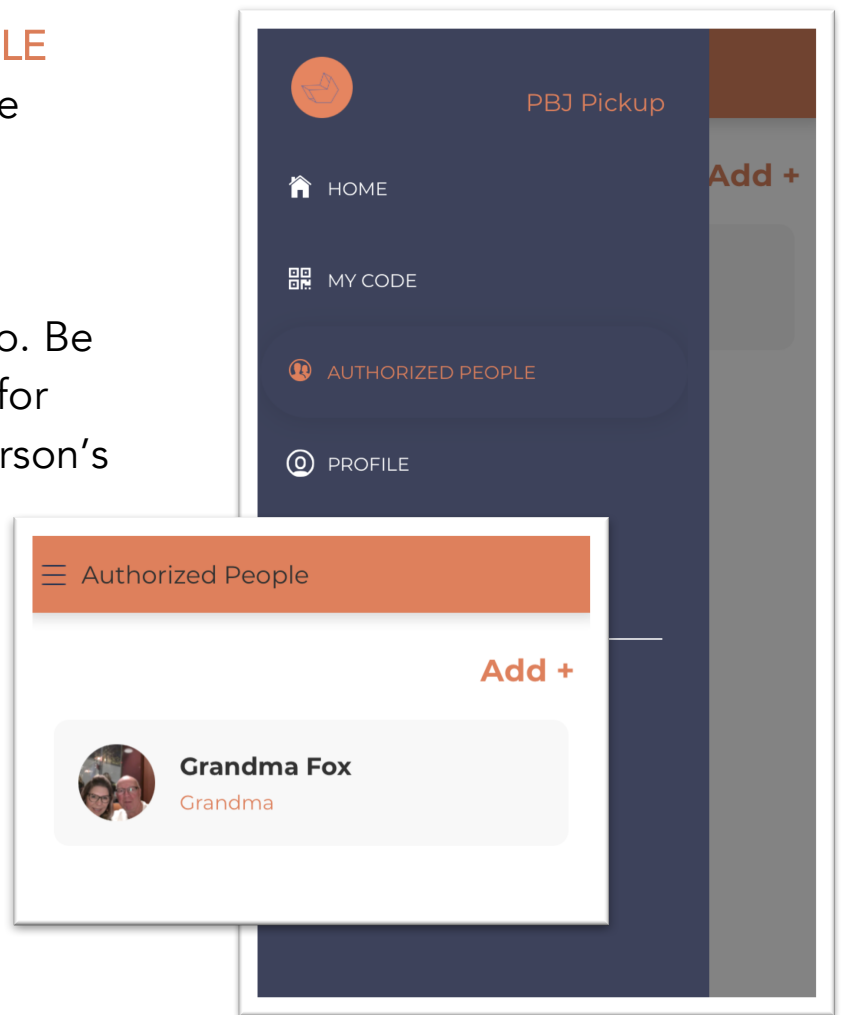

SETUP YOUR ACCOUNT

After you click the setup link, you'll be redirected to our App. All your information will be preloaded, you just need to create a password and accept our Terms & Conditions.

ADD APPROVED PICKUP PEOPLE

Once you're in the App, click the menu in upper left and select 'Authorized People', then click 'Add+'. You can add as many approved people as you need to. Be sure to fill in all the information for each person, it helps verify a person's identity and increases security.

SET YOUR NOTIFICATIONS

Finally, click the menu in the upper left and select 'Settings' and then 'Notifications'. Here you can turn on/off the notifications you'd like to receive.

That's it!
